subject: Product Memo – LED Lights

PRODUCT ANNOUNCEMENT

Aqua-Quip Multi-Colour LED Lights can now be operated from a variety of third-party controllers:

If you are using a third-party controller, please specify the brand when ordering pool lights.

Aqua-Quip's programming allows the lights to operate from the controllers listed below:

- Astral-Fluidra Controllers (ALL) [download a comprehensive programming procedure](#)
- Pentair IntelliTouch & EasyTouch
- Hayward OmniLogic UCL
- Zodiac AquaLink (available through Zodiac)

Aqua-Quip's standard multi-colour programming features the innovative Colour Selection Palette which provides an almost limitless variety of colour possibilities and a vast array of pre-programmed feature modes.

The various features of the Colour Selection Palette are selected and saved by cycling the power OFF/ON via a standard wall switch.
