

TRANSFORMER

For LED Pool Lights

Designed specifically for underwater LED lighting.

Available in single, dual and quad outputs.

Compliant with AS/NZS 61558.2.6

Featuring a smart and compact design, the range of Aqua-Quip transformers suits all underwater lighting applications.

- Connection of pool light cables to fused outputs has been simplified with the use of push-fit connectors.
- Supplied with cord and plug for connection to mains GPO.
- Each output is extra low voltage 12v AC, 30VA.
