

AQUEA

MAIN DRAIN RETROFIT LID KIT

THE PERFECT MAIN DRAIN UPGRADE FOR POOL RENOVATIONS

The AQUEA Retro-fit Lid Kit is the perfect solution for upgrading many popular main drain fittings when renovating or re-finishing concrete pools. The flush-fit lid integrates into the surrounding pool interior for a flawless finish every time, and the 'twist and click' lid avoids fiddly & unsightly screws.

The Retro-fit Lid Kit upgrades most popular Main Drain niches with AQUEA's integrated, flush-fit lid system.

KEY FEATURES:

- Simple & easy solution for upgrading existing Main Drain fittings.
- The 'twist and click' lid system avoids fiddly and unsightly screws.
- Flush-fit lid provides a smooth & clear surface for automatic pool cleaners.
